Policy of Ethics to verify Malpractices in Research

The prime objective of this policy is to promote the research work and research publications and prevention of misconduct including plagiarism in R and D. A code of ethics to check malpractices and plagiarism is essential to promote academic integrity and ensure ethical behavior among our faculty members. The college can use this policy in following manner for malpractices and plagiarism:

- To maintain the principles of honesty, integrity, and transparency in all academic endeavors. College focus on prevent not engage in any form of dishonesty, including but not limited to plagiarism, fabrication, falsification, or misrepresentation of ideas, data, or sources.
- College teacher and student would produce original work that reflects ideas, research, and analysis. Researchers are properly acknowledged and give credit to all sources used in research work, including quotations, paraphrases, and ideas borrowed from others.
- In respect of the intellectual property rights of others, including copyright, patents, and trademarks to seek appropriate permissions and licenses when using copyrighted material, ensuring that do not exceed the limits of fair use
- College research faculty members would be consistently use appropriate citation and referencing styles to acknowledge the contributions and ideas of others. It will provide accurate and complete citations for all sources used in research work, both in-text and in the bibliography or reference list.
- College would engage in collaborative activities with others in an ethical manner, giving due credit to all contributors and not take credit for the work of others without proper acknowledgment or authorization.
- To maintain academic Rigor and standards strive for excellence and adhere to the academic standards, policies, and guidelines set forth by institution and not engage in any action that compromises the integrity of examinations, assignments, research, or evaluations.
