ACADEMIC YEAR- 2023-24

**A workshop on
“National Education Policy 2020 under School connects Programme”**

was organized by

**Internal Quality Assurance Cell, Shivneri Mahavidyalaya
at Shivjagruti Junior College Nalegaon**

On 31st January 2024 (from 10.00 A.M. to 12.30 P.M)

A guidance workshop was organized at Shivjagruti Junior College, Nalegaon under the National Education Policy-2020 School connect programme. The workshop was intended to focus on NEP 2020 to build an intellectual, socially aware, informed and skilled nation that can inspire the people so as to make the country self-reliant and reclaim the position of Vishwa Guru. The workshop offered an opportunity to all the stakeholders to come forward and interact with experts.

Principal Dr. Sanjay Waghmare was present in the chair. The chief guest who came to give guidance on this occasion are Dr. A. B. Dhalgade, Principal, Shivneri College and Dr. A. S. Bondge, Coordinator, IQAC, Shivneri Mahavidyalaya, Shirur Anantapal. Principal Dr. Sanjay Waghmare gave the Welcome Address thanked both the Chief Guests for coming to the college physically to guide the students on implementation of NEP-2020.

Dr. A. B. Dhalgade elaborately spoke on the various features and provisions of the NEP. He further informed the audience that the document on educational policy has come by conducting wider consultations with stakeholders from various strata of the society residing in villages, cities and janjati (tribal) areas of the country. He further added that the work on NEP started in 2015 through Subhramanyan Committee and Kasturiragna Committee. The concerned experts conducted 35 seminars and symposiums that involved more than 5000 persons and received 250,000 suggestions in relation to the NEP.

While Dr. A. S. Bondge explained that the NEP 2020 opens wider gates for the students to pursue variety of subjects to blend their professional goals and personal hobbies, e.g. students can opt out for physics and music simultaneously something which students could not previously. He highlighted how the NEP 2020 keeps us connected to our past, our values that form the core of Indianness while we stretch our wings and try new avenues of the future. He further maintained that this policy document is substantive as it lays emphasis on practical learning rather than merely relying on rote learning. He further expanded on the NEP being student centric policy that has multiple level entry and exit points. The academic bank of credits (ABC) earned can be utilized for further studies without having to start all over again. He further mentioned about the online learning facility in respective mother tongues/local languages of the student/s. Various regulatory bodies such as UGC and AICTE would be merged together to form Higher Education Commission. The NEP has a provision to set up National Research Foundation to promote research at higher levels of education. He

further informed the audience that the new education policy puts emphasis on optimum utilization of resources and existing infrastructure. Experiential learning would be another hallmark of the NEP putting an emphasis on the vocational education and skill development. Compulsory internship and apprenticeship would also be encouraged in the courses of studies. Shri Kothari ji further emphasized that the NEP is for the people of India and its' core agenda is to address and solve the existing problems in the Indian Education system.

Teachers and non-teaching staff of the college and 60 students attended the program.
