PREFACE

It is a very honorable and pleasurable thing for us that we are ready to submit Self-Study-Report (SSR) of Shivneri Mahavidyalaya, Shirur Anantpal dist. Latur (MS) for assessment and accreditation of cycle first to National Assessment and Accreditation Council (NAAC), Bengaluru.

This report has been prepared as per the new guidelines formulated by NAAC. The members of NAAC Steering Committee of our college have worked hard in completion of this report. They have worked sincerely and honestly in preparing this report. In making this report, we focused on our SWOC and started working for this report. There were so many problems in the making of this report and at that time our co-ordinator Prof Shinde P R tried his level best. It is somehow difficult to say about the contribution of each and every person of our college. Actually, the teaching staff of our college has worked collaboratively, patiently and through the bottom of their hearts. They focused on accurate guidance and accuracy of the report. I hope and believe that the NAAC will also appreciate and justify our noteworthy attempt.

Since the establishment of the college, our attempts have been towards getting the excellence in education. I certainly have to mention here that the procedure of NAAC has created a positive atmosphere amongst the faculty members. They became successful in cultivating their knowledge. We have sincerely prepared this Self-Study Report. The SSR is prepared as per the newly formed guidelines formulated by NAAC. We trust that to get our college accredited by an esteemed and autonomous body like NAAC will be a matter of pride and privilege. This process will provide us with an opportunity to enlighten our strengths and finish weaknesses that will help us travel in the direction of excellence.

The college not only imparts academic education to the students but also imbibes life skills, soft skills, and communicative skills to assist them to develop their personality. Our focus is on the changes and developments in the fields of education every time. For the overall development of our students, we have different things in the college presently: college infrastructure, laboratory equipments, sports equipments, etc. I hope our work and attempt of preparing SSR will be valued by NAAC Committee.

PRESIDENT'S MESSAGE

Today's Shivneri Mahavidyalaya in Shirur Anantpal was established in view of educating village students. I am very happy to see that the institute is growing like a tree in the field of education day by day. In the beginning, the college did not get support from society; but later with passage of time; it started growing with the support and trust of society. Today, the college has 813 students coming from different 24 villages in Latur district.

Our mission is getting "excellence through education". We try to achieve the mission with assistance and support of different stockholders like students, teachers, etc. Our institute has always valued qualified teaching staff. In fact, our intention is providing 'quality education' to the village people. Our college has always attempted in providing proper guidance, well equipped instruments and facilities, all necessary books and their resources, well equipped campus to our students.

We are engaged in our commitment towards society in educating different people coming from a variety of strata of society. Our faculty always is eager to provide our students the knowledge which they need. Our focus is on research and best practices. We aim to create a relevant and challenging educational experience for all the students. We respect our students and vice-versa. Teaching staff of our college is committed to setting up a positive college environment which allows the students to grow and flourish on all levels. Our focus is on teaching and learning experiences in the college environment. The students get acquainted with a variety of teaching and learning experiences in the college.

Our institute believes in shaping the careers of our students. Because the students have to develop the nation and that is why our teaching staff has always been engaged in shaping and developing our students' career, their lifestyle and their positive thinking as well. We want to see our students becoming responsible human beings as well as good citizens of India.

I am happy that the college is submitting its SSR for the NAAC Accreditation for cycle 1. I congratulate the principle Dr Sonwane B G and faculty members who have worked honestly, sincerely to achieve the aim. I assure that the college will achieve the goals from time to time. I welcome all the students to a world where they can discover their abilities and talents. The process of learning here will enrich them and their contributions in turn shall add to achievements of the college.

Hon'ble President

Adv Mane V S (BA LLB)

Shivneri Mahavidyalaya,

Shirur A. (Tal.) Dist. Latur (MS)

PRINCIPAL'S MESSAGE

It is a pleasurable thing for us to submit Self-Study-Report (SSR) for accreditation cycle first to National Assessment and Accreditation Council (NAAC), Bengaluru. It is a golden opportunity for us to improve the quality of higher education. IQAC has been set up in the college to govern issues related quality education. Our aim is to enhance the quality of higher education focusing on excellence of our inner qualities. According to the planning, we have executed student-oriented activities.

Since its establishment, Shivneri Mahavidyalaya has been a gift for rural students especially girls; because they cannot leave their areas for education in a city. The complementary aim of our college is “to see the over-all development of students in rural areas”. The main aim of our college is to study and resolve different problems of students, to create interest in research activities and to establish base of higher education by completing complementary syllabi.

Now-a-days, exactly 813 students have been studying in our college; and around 60 employees--including teaching and non-teaching-- have been working. Our passion is to be a part of over-all development, esp. educational growth of our students. We aim at focusing on the educational needs of our students; and hence, try to complete them by implementing the curriculum in an effective way. We believe that it is teacher who shapes the students; and thus, encourage our teachers to participate in research activities and make them enable to adapt changes in the field of higher education.

I, on behalf of college, appreciate Mr P R Shinde and Mr K V Kure for their hard work in the completion of this SSR. I sincerely wish and trust that our students certainly will be a successful part of this society and will contribute to the development of this unique country wherever they reach.

Thank You

Principal

6. Criterion-Wise Executive Summary of the Seven Criteria

CRITERION I: CURRICULAR ASPECTS

The vision of the college is to enhance the knowledge of rural students and to contribute their services for universal development by promoting quality education. Shivneri College offers B.A., B.Com and B.Sc. courses at UG level. The college also runs UGC sponsored carrier oriented courses viz. Business Communication Skills in Commerce and Fish Culture in Zoology.

The institute is solely committed to implement the syllabus designed by affiliated university. The college imparts sincerely in the line with its goals and objectives to ensure academic programmes. The University has adopted the Theory and MCQ system to assess the students. Dr. B. G. Sonwane Principal of the college is the members of Board of Studies in Parent University and Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. Principal achieves the stated objectives of the curriculum from inspection though regular meetings. Industrial tours/historical/geographical and Zoological visits are arranged for students. Students are also encouraged to work with various forums of the college such as National Service Scheme (NSS), Sports, and Cultural activities, etc. The Institution has developed the feedback system. The Principal monitors the academic activities on frequent basis and continuous follow up is taken.

CRITERION II: TEACHING-LEARNING AND EVALUATION

The college is providing education to rural youth of this remote area. The college endeavours that its students should become valuable and good citizens. Self confidence, self reliance, ethical values, communication skills, team work skills, problem-solving skills, and social responsibilities are some of the graduate attributes specified by the college. Due to the effective teaching, learning and evaluation methods, the college has got reputation as one of the best college in Shirur Anantpal taluka, remote area of Marathawada in Maharashtra. Teaching learning practices have enabled us to secure top passing percentage consistently for many years.

The teachers have a research oriented attitude gained from the large number of projects undertaken and workshops organized, attended and training courses undergone. The students have benefitted from these techniques. Their participations in seminars and classroom discussions, and debates have also contributed to their better performance.

The college follows all the norms for the admission laid down by Swami Ramanand Teerth Marathwada University, Nanded and Government of Maharashtra. Women candidates are provided with equal opportunity. Counselling is provided to needy parents and student on the importance of 'Girl education'.

The B Sc III year students undertake project work for environmental studies. The project work is aimed at independent learning by students. The faculties of the institution use computers, laptops, LCD projectors, internet, educational CDs. Video clips, you tube short films and documentaries are regularly shown by the teachers to students.

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

The institute remains engaged in rendering a whole hearted support to the faculty members for their actively participation in research work while delivering the academic programmes at UG level in Arts, Commerce and Science disciplines. Qualification profile of the faculty reveals that, including Principal, the total number of teaching faculty is **32**. Out of which, 10 faculties have been awarded Ph.D.; **07**, M. Phil.; NET/SET qualified staff is **13** and **02** faculties have got M.Sc. degrees. Till date, One (**01**) Major Research Project has been completed and submitted to UGC; One (**01**) Minor Research Projects has been completed and to be submitted to UGC; and one (**01**) University Funded Minor Research Project has been completed and submitted to Affiliated University.

The Management and Head of the Institution frequently takes a review of research development of the faculty and promotes them to conduct the research work for pursuing Ph.D. in concerned subject along with publications in Journals of National and International reputation from time to time. The emphasis has been given on submission of Minor and Major Research Project proposals to various funding agencies. It played a vital role in develop research zeal amongst the faculty and **16 faculty members** have registered their names for Ph.D. in their respective subjects. The result of recommendations of research committee reveals that four Minor Research Projects have been submitted to the UGC. The four faculty members are working as Research Guides in their subjects.

The college is actively engaged in considerable consultancy and extension activities through execution of various programmes and units like NSS and through the good number of activities viz *Gram Swachhata Abhiyan, Environment conservation activities, plantation programmes, watershed programme, Cattles Health Inspection Camps, Eradication of Bind Superstitions, Addiction free society, Open Defecation Programme Awareness on Health issues viz. Malaria eradication, Swine Flu, AIDS control, Yogasana and Pranyam, Awareness through street plays, speech of eminent personalities from various fields, drama and skits etc.*

CRITERION IV: INFRASTRUCTURE AND LEARNING RESOURCES

This Institution is situated in a rural area serving for the deprived and marginal community. The Institution is located outside the town which is in the vicinity of newly developing area. The college has a two story building raised on **4 acres of land** with a built up area of **3211 Sq M**. The college building consists of total 18 rooms with a fully furnished separate guest house on second floor. The college building is occupied by various departments like central library, Administrative Office, science laboratories, seminar hall, and computer laboratories. A separate gymnasium hall is built up besides main building with an area of **4154 Sq. M**. An ICT enabled classroom with smart board is facilitating for effective teaching and learning process.

There are two computer laboratories with **25** numbers of systems enabled with broad band internet facility and three departments Viz.; Chemistry, Zoology, and Geography are also provided with a computer system. The library has also **02** numbers of computer systems with internet facility. An ICT enabled seminar hall is provided for various college level activities. The college central library, computer laboratories and science laboratories are regularly upkeep as well as upgraded for effective teaching learning process. The college library has total **6185 number of books, 16 magazines** and **16 journals** and **10 News papers**. The work of library automation is under progress. The main college office is also furnished with latest computer system, Wi-Fi and broad band internet connection.

As a part of extra -curricular activities college has constructed a girl's hostel, Indoor sport building, and Gymnasium hall. The college also provides an open space of about **1113 Sq. M**. for various outdoor activities.

CRITERION V: STUDENT SUPPORT AND PROGRESSION

The criterion Student Support and Progression is one of the most important parts of the NAAC Self-Study Report.

All college level academic committees play a significant role in this criterion. This criterion constitutes that in what way the institute controlled the admission process and rule and regulation which are from by the institution and UGC. It gives the variations about the number of students who receive different GOI and State Government scholarships.

It provides all relevant information regarding what type of efforts are done by the institution in order to increase quality of education and participation of students in the flow of education, especially students with physical disabilities and deprived, marginal community, for this purpose competitive examination committee and student guidance and counselling center play important roles.

The institution has established Sexual Harassment Committee and Anti-Raging Committee through which institution resolves the issues related to sexual harassment and cases of ragging with the help of committee members.

Form this criterion; it realizes how the Editorial Board, Subject Study Board, Library Committee, Student Welfare Committee, Publication Committee, etc. are involved in the progression of the students of the institution.

CRITERION VI: GOVERNANCE, LEADERSHIP AND MANAGEMENT

Management council, Local Managing team, Students Council and various College committees play efficient role in organizational arrangement of the institution. The management constantly encourages the participation of the staff in the progression of decision making in institutional functioning with cyclic meetings with staff and principal. The Principal is the head of the institution and bears the eventual responsibility for silky functioning of the college. The role of the Principal of the college is multidimensional. The Principal of the institution has the authority to direct the institution according to the rules and regulations of Governing Body, State Govt., UGC as well as the Parental University the regular audit of all accounts is done. Institution takes care of vitalisation of students, teachers, and other staff. Management conducts regular meetings implementation is done as per the rules of the institute. The management of the college is in continuous touch with head of the institution and has in agreement support. The Principal keeps eye on the performance of faculty through PBAS (Performance Based Appraisal System). A welfare scheme like loan facilities etc. is accessible to faculty members. IQAC is effective in forecast, maintaining, achievement and enrichment of the institution. IQAC advises to the activities and plans, put forth by various departments and also keeps in touch with other departments.

CRITERION VII: INNOVATIONS AND BEST PRACTICES

Conduction of green audit, energy conservation, use of renewable energy, water harvesting, plantation programmes, hazardous and E-waste management are the initiatives taken by the college to make the campus eco-friendly. English speaking courses, ICT based teaching, feedback system, computerization of library and administrative block, providing question banks to the students before university examinations and motivation of teachers to participate in faculty development programme are the innovations introduced during the last four years which have created a positive impact on the functioning of college.

By the practice of motivation of teachers to research, our college teachers are motivated to register for Ph.D. degree, to submit major and minor

research project towards UGC, university and other funding agencies. By the second best practice of improvement of teaching process, maximum importance is given to teaching process in our college. The college trains the teachers continuously to improve their teaching skills. Power point presentation, animation, charts, models etc are used in teaching process. Regularity and progress of student is maintained in our college.

8. About Shirur Anantpal

Shirur Anantpal is a Taluka in Latur district. It is **32 kms away from Latur**. Historical, political and administrative information about Shirur Anantpal is as follows:

- **Historical Background**

Latur district is to the South-East part of Maharashtra. It is divisible into different 10 talukas: **Latur, Ausa, Renapur, Chakur, Ahemadpur, Udgir, Deoni, Jalkot, Nilanga, and Shirur Anantpal**. Shirur Anantpal is in the center of Latur district. It was **established in 1999**; and the main headquarter of the taluka is on the bank of the river Gharani. On the base of evidences found there, the place is an ancient place. One can find out some ancient rock in scriptures and works of architecture

during the age of Chalukya of Kalyani in this area. Dandanayak, the minister of the king Vikramaditya VI (Chalukya of Kalyani), was given this place; and so, he built up the temple Shree Anantpal in the village. The place got its new name after God Shree Anantpal.

During the medieval age, the place was governed by Nizamshahi, Adilshahi, Baridshahi, and Imadshahi. Nizamshahi was established in 1724 by Nizam-UI-Mulk. Since then till 1948, the place has remained a part of Nizamshahi. Today's taluka Shirur Anantpal was once a part of Bidar district (Karnataka) and Nilanga (MS). Later, on 17 September 1948, Hyderabad Sansthan was destroyed; and thus, Shirur Anantpal was later connected with Osmanabad (MS). After that, the part was included to the district Latur in 1982.

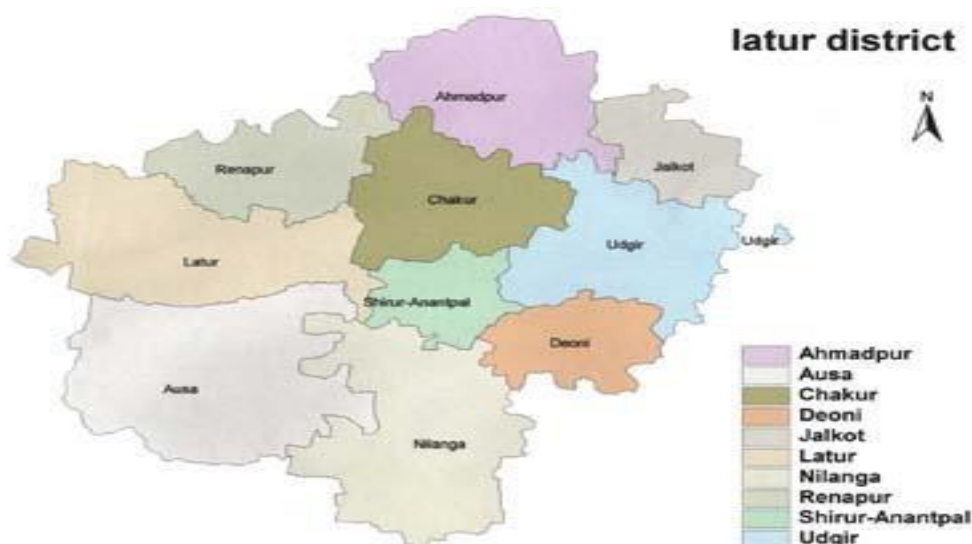

- **Political Background**

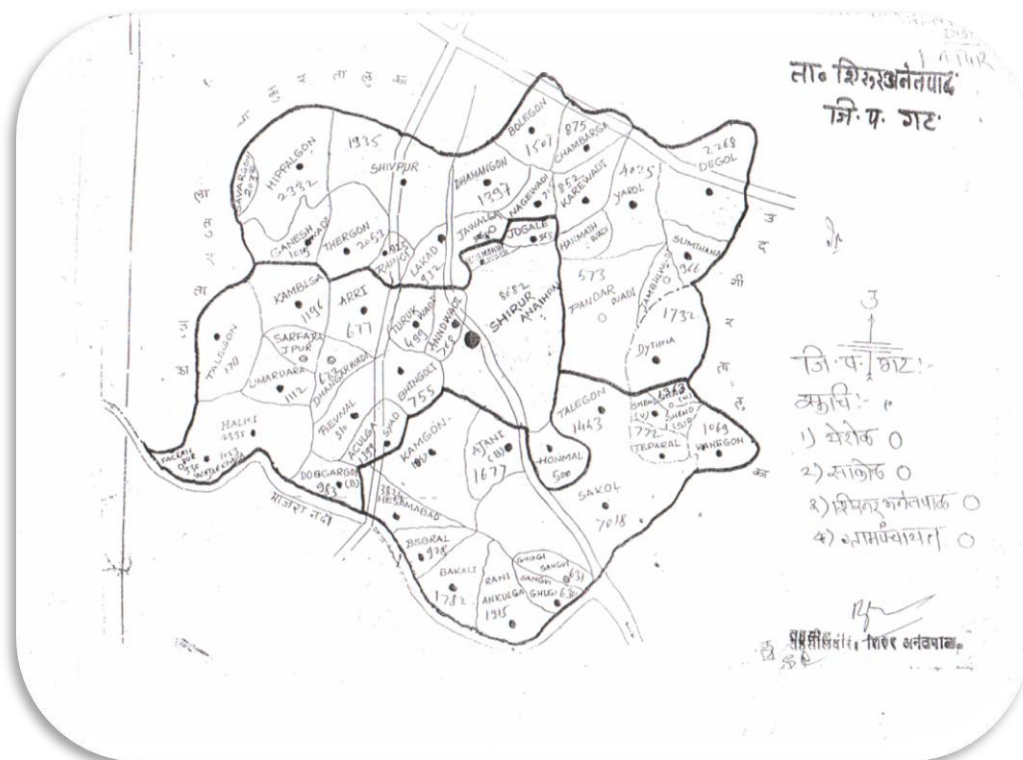

Shirur Anantpal used to be seen as the largest village in Nilanga. At that time, the place was backward in all fields. This area was fully influenced by the leader Rev. Mr Shivajiraoji Patil Nilangekar, former Chief Minister and Revenue Minister of Maharashtra. At the same time, Adv Vishwambhar raoji Mane of Shirur Anantpal had been doing leadership of Maharashtra through Housing Society. He was a close friend of Late respected and rev. Mr Vilasraoji Deshmukh, former Chief Minister of Maharashtra and Minister of Science and Technology of India.

- **Administrative Division**

The Taluka Shirur Anantpal is a sub-division of Latur district in Maharashtra. The Taluka is an important centre for all nearby villages as per the census in 2011. The **area of the Taluka is 31221.51 sq. kms.** There are **43 Panchayat villages** in the Taluka. Today, it is declared as a separate Nagar Panchayat. The area includes a variety of administrative offices: Tahsil, Panchayat Samitee, Agricultural Office, Government ITI College, Civil Hospital, etc. **The population, according to the Census of 2011, of the area is 83,528.**

9. A Few Words about the institution

Fifteen years ago, there was no facility of higher education in the area of Shirur Anantpal and also was no option for taking education. Shirur Anantpal being a rural area, poor people lived there; and so they did not afford to provide education to their children. Considering the need of the people, adv. Mane V S (Saheb) along with some other members, who had a good heap of knowledge of society and vision of education, established 'guru Vishwambhar Krupa Shikshan Prasarak Mandal' in June 2000.

Recognition and affiliation

The college was established in the month of **June, 2000**; and was granted temporary affiliation by SRTMU Nanded on **27 Sept. 2011**. The college received permanent affiliation by the university on **12 November 2011**. It has been recognised under the **Section 2 (F) and 12 (B)** of the UGC Act 1956. The college has UGC recognised COC.

A Few Words about the College

G.V.K.S.P. Mandal, Lakkadjawalga Tal. Shirur Anantpal, Dist. Latur started Shivneri Mahavidyalaya in the academic year: 2000-2001 under the leadership

of hon'ble president of G.V.K.S.P. Mandal. Before the set up of the institution, it was not possible for our students to go to cities for higher education. In order to resolve this problem, Guru Vishwambhar Krupa Shikshan Prasarak Mandal started Shivneri Mahavidyalaya since 2000. In the beginning, Shivneri College started with only one faculty: faculty of Arts. Later, two new faculties, i.e., Commerce and Science had been added to the premise since **2009**.

The basic vision of the institute has been providing excellent and quality education to the students in the rural area. The vision of the institute is 'Quality Education to Rural Masses'. The vision is related to the vision of the institute Guru Vishwambhar Krupa Bahuddeshiya Shikshan Prasarak Mandal, Lakkadjawalga's, Shirur Anantpal which is "*Vidya Guru Naam Guru*" meaning Knowledge is greater than Guru is. The mission of the college is "*Excellence through Education*"

Under the appropriate guidance and dynamic leadership of the respected principal Dr B G Sonwane, the college has been developing. Our institute is a well respected institute in rural area; because **813** students come to this college to educate from various twenty four villages. Presently, the institute offers our students different courses like arts, commerce and science. The college has spacious classrooms; well equipped library; laboratories; and language laboratory as well. We have an NSS unit, an indoor and a ladies hostel in our college. The college has a young, dynamic, qualified, and well-experienced teaching staff.

The college is recognised by the Government of Maharashtra and is has an affiliation with SRTMU Nanded and UGC New Delhi. It has continuously engaged in improving the quality of academic progress and overall development of the students. It consists of a well equipped language (computer) laboratory with **14** computers, commerce laboratory with **12** computers. Our college is engaged in the following activities:

- Guiding students for competitive examinations
- Arrangements of competitions, i.e., University Level Chess competitions, 2015.
- Essay writing competitions.
- Elocutions at district level, etc.

10. VISION, MISSION AND GOALS AND OBJECTIVES OF THE COLLEGE

The Vision and Mission statements are communicated to the students through the speech of the Respected Principal in the ‘Welcome Programme’ of the college arranged for newly admitted students.

A. Vision- The vision of the institute is *“Quality Education to Rural Masses”*. The vision is related to the vision of the institute Guru Vishwambhar Krupa Bahuddeshiya Shikshan Prasarak Mandal, Lakkadjawalga’s, Shirur Anantpal which is *“Vidya Guru Naam Guru”* meaning Knowledge is greater than Guru is. Our focus is focus on the expansion of knowledge that would certainly shape our students; and our students can shape the nation as we expect from all. To enhance the knowledge of rural student and to contribute to their services for universal development by promoting quality education is also a part of the vision of the institute.

B. Mission- *“Excellence through Education”*

C. Goals and Objectives-

1. To do all-round development of students.
2. To provide education especially the educationally, economically, socially, and psychologically backward communities in our rural area.
3. Quality with Equity.
4. To make the students, knowledgeable, conscious, cultural, and responsible citizens of India.
5. To prepare the students to face the challenges of the competitive world today and tomorrow.

The vision, mission and goals and objectives of the institution are communicated to different stakeholders -- the students, teaching and non-teaching staff and other -- through Management-Teachers Meetings, Principal–Students, Principal-Parent Meetings, Meetings, Alumni Association Meetings, and through various activities arranged and organized in the college from time to time. These statements are displayed in the college campus as well as stated in the college prospectus and uploaded on the college website.

2	Dr. B. G. Sonwane	Geography	BOS Member (Dr. BAMU, Aurangabad)	03-06-2011 to till date

1.1.7. Does the institution develop curriculum for any of the courses offered (other than those under the purview of the affiliating university) by it? If 'yes', give details on the process ('Needs Assessment', design, development and planning) and the courses for which the curriculum has been developed.

Yes, the institution has developed curriculum for certain

programmes sanctioned by UGC other than those under the purview of the affiliating university and the details are in the following table:

Sr. No.	Name of Courses	Sanctioned by	Sanctioned Duration
1.	Fish Culture (Zoology)	UGC (COC)	2 Years
2.	Business Communication Skill (Commerce)	UGC (COC)	2 Years

The Process of Curriculum Development

- 1. Need Assessment:** Need assessment is done even before the choice of the programme. This is made by evaluating the feedback from stakeholders.
- 2. Design of Curriculum:** This is done by an Expert Committee of Departmental Head, Experts from industry, Research and University and the Programme Co-ordinator. If the course is inter-disciplinary, Heads and experts from all the departments concerned will become the members of the committee. The designing part is done after making a thorough evaluative study of the content and design of similar programmes offered by various other universities at National /International level.
- 3. Development and Planning:** Target group and their needs are given priority while designing curriculum (For example, the consideration whether it is a UG Programme). The objectives of the group also are given importance. Through the designing stage, focus is well-set on the objectives pre-determined for the programme as well as the objective of the institution. Duration of the programmes, hours of teaching, courses (Theory and Practical's) offered, Projects or internships if any, mode of assessment are the other concerns which arise at the departmental planning stage.

1.1.8. How does institution analyse/ensure that the stated objectives of curriculum are achieved in the course of implementation?

In the beginning of the Academic year, the Principal makes all the academic programmes and co-curricular activities which the college has to conduct clearly before the students through the speech delivered at the time of 'Welcome Program' for newly admitted students.

In the meeting with the staff members, the Principal and staff member discuss and share their opinion on objectives of curriculum. Further, the Institution adopts the following mechanism to ensure effective curriculum implementation: *Academic Calendar Unit-wise Lesson Plans, Assignments, Class Room Seminars, PPT Presentations, Study tours, Statistical Analysis of Results, etc.*

The Principal of the college is always in contact with all the members. During the course of implementation, the stated objectives are achieved. To do this, class room tests, internal examination, and Semester- wise examinations are conducted.

1.2. Academic Flexibility

1.2.1. Specifying the goals and objectives give details of the certificate/diploma/skill development courses etc. offered by the institution.

Our college has successfully started two COC courses. Keeping in mind the growing needs of state, national and global level, the college imparts education at Degree Level with basic knowledge of computers. Apart from the regular courses of BA, BSc and B Com, the college also offers certain Career-Orientated Courses to enhance the students' knowledge, taking into consideration the needs of students from the rural background.

1.2.6 Does the University provide for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the courses/combination of their choice” If ‘yes’, how does the institution take advantage of such provision for the benefit of students?

No, the university does not allow the flexibility of combining conventional face-to-face and distance mode of education.

1.3 Curriculum Enrichment

1.3.1 Describe the efforts made by the institution to supplement the University’s Curriculum to ensure that the academic programmes and Institution’s goals and objectives are integrated?

- The Institution is affiliated to the SRTM University; therefore the general courses designed for affiliated institution are common in nature
- In integrating institutional goals and objectives with the university curriculum, the academic programmes are designed in the form of calendar; and accordingly, it is going to be executed.
- Keeping in view of the goals and objective of the institution, college offers different courses like Business Communication Skills and Fish Culture.
- These courses are need-based and job-oriented courses as per their local needs termed as add-on courses.
- At the end of the year, the students are awarded a Certificate/Diploma/ Advanced diploma in an add-on orientation course along with a conventional degree in science and Commerce.

- The students are also encouraged to participate in national programmes such as- blood donation, services at time of natural calamities and other programmes.

1.3.2 What are the efforts made by the institution to modify, enrich and organize the curriculum to explicitly reflect the experiences of the students and cater to needs of the dynamic employment market?

The college does not have freedom to design and make the syllabus. Our college strictly follows the curriculum formulated by S.R.T.M. University, Nanded. The implementation of the curriculum takes place at the college level. While implementing the curriculum, the objectives of the study are made clear. The teachers enrich it with their own experience. The students are introduced the required qualities which make them employable and successful in different competitions with others.

The institution has no privilege to frame syllabus but our faculties have lion's share in this connection; and it can enrich and organise curriculum by supplementing it with extra-courses; so that students are benefited in the best possible manner.

The institution has taken measures to cater to the global market needs based on the various services offered in the campus. To develop the required skills of the students, we try to develop their language skills, inspire to use Internet and computers, in their regular studies and provide in-depth knowledge in respective subjects.

The Institution has well-equipped language laboratory and Geography laboratory and all science lab. Internet facility is available at computer laboratory and library. Language laboratory includes 14 computers, LCD Projector are available to use for effective communication and teaching-learning process. During continuous internal assessment programmes, slow learners are identified and Remedial classes are engaged and classes for entry in services are also conducted to make them able in global market-needs. All these efforts have been made at graduate level to make the students employable and knowledgeable.

1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?

College sincerely handles the cross-cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, and ICT through various activities. College encourages our faculties to participate in seminars, conferences, symposia where experts from above mentioned fields are invited to share and deliver their experiences and knowledge. Environmental

Education is a compulsory subject for the students of BA, B Com and B Sc. We are very conscious about Environment and Education. Department of Geography arranges events and study tours to seed the importance of trees and eco-friendly atmosphere in the minds of the students. College also celebrates the 'World Environment Day' and the 'Earth Day', 'Geography Day' and 'World Ozone Day' to drive home the issues of environment. The days are celebrated to display the significance of the environment.

Women Empowerment Cell was established on **9th of August 2014**. Mrs Fulari S T and Mrs Mahapure S V delivered their valuable lecture on the subject of "**Women Empowerment and protection**".

In 2015, Mr. Nanaware S M delivered valuable speech on the subject of "**Ragging Act**". Mrs. Patil delivered a lecture on Women self protection.

1.3.4. What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?

Moral and ethical values

Employable and life skills

Better career options

Community orientation

The Institution has been sincerely working for the overall development of the students since its inception. Though the college does not offer any value-added course, there are many enrichment programmes regularly organised to ensure whole development of the students.

Moral and Ethical Values

Our faculty members try to inculcate moral and ethical values with their regular teaching-learning process. The NSS Department organises programmes to create awareness about social, moral, ethical principles. The students are also motivated by organising special lectures to install moral and ethical values.

Employable and Life Skills

The Institution offers various programmes and courses to make our students employable; and they are provided opportunities to learn life and soft-skills. College has established Literary Forum and English Language Lab through which we try to improve their communication skills for better career options. The Institution arranges Group Discussions, Essay-writing competition and Debating and Elocution competition. In addition to that, we encourage our students to conduct seminars with regular classroom teaching. Students are also encouraged to participate in various events and activities such as Cultural programmes, Seminars, NSS, etc. The college runs the classes for entry in services which help our students employable and knowledgeable.

Better Career Options

Our college has well equipped computer laboratory for students to develop their skills of basic computer operating principles, MS Office and Internet operations. The college offers various Short- term courses which encourage them for better career options.

Community Orientation

For community orientation, our college organizes various events; and our faculties work in different social service groups such as National Service Scheme. N.S.S. unit organises Blood Donation Camps, AIDS Awareness lectures and Blind Superstition Eradication.

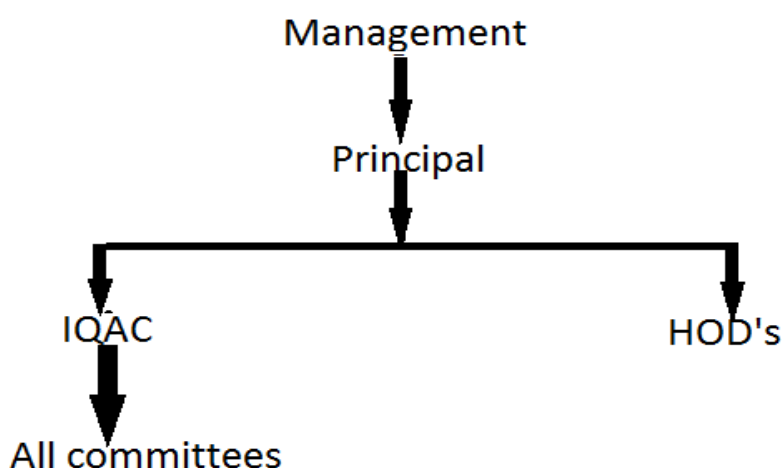

1.3.5. Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?

The Institution has formed a feedback committee and developed a system to collect feedback from different stakeholders. Feedback on curriculum is collected from students in which they express opinions without mentioning their names and oral responses are also considered. Feedback committee analyses feedback and prepares a report on it and sends it to the Principal of the college. The Head of the Institution puts this report in the *Local Management Committee (LMC)* meeting for further discussion and proper action.

1.3.6. How does the institution monitor and evaluate the quality of its enrichment programmes?

- The college Management, Principal, Vice-Principal and HOD of all departments monitor and evaluate the quality of the programmes conducted by the faculty.
- In the Local Management Council (LMC), college produces academic reports for overall discussion.
- The level of the students and their understanding is monitored through internal unit tests, seminars and group discussions.
- Results are analysed and accordingly remedial classes and advanced teaching are arranged.

1.4. Feedback System

1.4.1. What are the contributions of the institution in the design and development of the curriculum prepared by the University?

The teacher suggests their ideas to the BOS through the workshop to design and development of the curriculum and faculty also suggest them to personal correspondence. The institution does not design the curriculum. The University designs the curriculum; and the institution just implements it.

1.4.2. Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programme?

Yes, the college develops formal mechanism of obtaining feedback from students on curriculum. Our committee collects return format from student prepares report and sends it to the head of the institution.

1.4.3. How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?)

- **Business Communication Skills**

Our institute has introduced a Carrier-Oriented course in Business Communication and Fish Culture. Rational behind introducing the courses is that students should acquire business communication skills and use them in their practical lives when they choose for business.

- **Fish culture**

Carrier oriented course in fish culture is a course which is related to the future carrier of the graduate students in our college.

CRITERION II: TEACHING-LEARNING AND EVALUATION

2.1 Student enrollment and profile

2.1.1 How does the college ensure publicity and transparency in the admission process?

➤ **Publicity of admission process**

a) Prospectus

The prospectus is issued every year that includes information of the courses offered, eligibility, duration, admission process, library facilities, curricular and co curricular activities, etc. It provides detailed information about academic as well as support facilities and also provides intake capacity, eligibility criteria for admission to each course, fee structure, documents necessary for the admission, enlisting the subject combination for three years BA, B Com and B Sc.

b) Institutional Website

The institution has an updated website-- updated by new information and changes if any -- and all the information regarding institution and admission process, faculty, etc. are displayed on website-- www.shivnericollegeshiruranantpal.com. Besides this, the college prospectus is displayed on the website of the college.

c) Advertisement

Pamphlets, mouth publicity by our students, flexes at main roads, Alumni students, faculty members, non- teaching staff, and other stake-holders contribute to Advertisement process of admission. Sometimes, our faculty members visit to nearby villages by making students aware of various programmes and the significance of the education.

➤ **Transparent process of admission**

Our college follows all the norms related to the admission laid down by Swami Ramanand Teerth Marathwada University, Nanded and Government of Maharashtra. It follows guidelines regarding reservation to backward classes—SC, ST, OBC, etc. The last date of admission is as per university guidelines displayed on the website of the university. The admissions are allotted on First Come First Served Basis. No donation or extra fees is required. That is why; admission process is completely transparent; and no partiality is done in that process.

2.1.2. Explain in details the criteria adopted and process of admission (Ex.(i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.

The college follows all the rules and regulations required for the admission as are laid down by Swami Ramanand Teerth Marathwada University, Nanded and Government of Maharashtra. The college constitutes an admission committee-- that comprises of senior teachers who are involved in selection of eligible student on the basis of First Come First Serves. The counselling team assists the students make the choice of subjects. Our college strictly follows reservation policy of state government of Maharashtra.

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating University within the city / district.

The selection of the students of BA, B Com and B Sc is made on the basis of SRTM University, Nanded. We give admissions to 12th passed students only. The following chart shows the minimum and maximum percentage of admitted students during last academic year (2015-2016):

Sr No.	Name of the College	Programmes	University Percentage	College	
				Min	Max
1.	Shivneri Mahavidyalaya, Shirur Anantpal	BA	35	35%	87.83%
		B COM	35	42.33%	81.00%
		B SC	35	36.16%	81.00%
2.	Maharashtra Mahavidyalaya, Nilanga	BA	35	40.00%	88.00%
		B COM	35	41.00%	89.00%
		B SC	35	40.00%	78.00%

2.1.4. Is there a mechanism in the institution to review the admission process and student profile annually? If 'yes', what is the outcome of such an effort and how has it contributed to the improvement of the process?

The institution has a mechanism to take a review of the admission process and student profile annually. The admission committee informs the office about the following information of the students:

- i. Academic background
- ii. Gender representation
- iii. Economic status
- iv. Level of disability

v. Curricular/extra-curricular Activities

2.1.5. Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profile demonstrate/reflect the national commitment to diversity and inclusion.

* SC/ST

* OBC

* Women

* Differently able

* Economically weaker section

*Minority Community

* Any other

We enroll and give admission to all students—all reserved and non-reserved categories.

The college takes care to ensure the reservation that is meant for disadvantaged community every year. As the reserved category of students -- SC, ST and OBC -- get their tuition fees from the government at a time of admission, minimum fee excluding tuition fees from these students is taken; thus, these students get fascinated to admission; and their strength is increased. In some critical case, the college level fee is excused.

The following table displays number of students admitted and their percentage in total admissions in the college during last five years:

2.2. Catering to Diverse Needs of students

2.2.1 How does the institution cater to the needs of differently-able students and ensure adherence to government policies in this regard?

As per Maharashtra government norms, seats are reserved for differently able students. The institution, as a whole, maintains an open door policy in regard with the needs of differently able students. For the implementation of scheme of government of Maharashtra and UGC for their benefits, the following provisions are available:

- i. Easy accessibility of books in library.
- ii. Writer for differently able student as per university directive
- iii. Provision for extra time during the examination as per university norms.

2.2.2 Does the institution assess the student's needs in terms of knowledge and skills before the commencement of the program? If 'yes', give details on the process.

Yes, counselling as well as orientation is done by the admission committee. In view of satisfying queries, 'Doubts Clarification Admission Committee' is always active. Besides this, all the faculties ever endeavour for the counselling and orientation of such students.

2.2.3. What are the strategies drawn and deployed by the institution to bridge the Knowledge gap of the enrolled students to enable them to cope with the programme of their choice? (Bridge/Remedial/Add-on/enrichment courses) etc.

Primarily, slow learners are identified through class room interactions and discussion marks obtained by students in examinations. Teachers make the students revise and recall their knowledge achieved in previous classes. For this purpose, extra classes are conducted. Remedial coaching classes are also arranged for the weaker students.

2.2.4. How does the college sensitize its staff and students on issues such as gender, inclusion, environment, etc.?

Our college provides equal opportunities to male and female students. Programmes are conducted by N.S.S. Department of our college. There are common facilities such as library, canteen, auditorium and reading room etc. The practicals are also commonly conducted. It sensitizes its staff and students on issues like gender inclusion; environment etc. by holding various programmes like participation in rally and celebrations of Women's Day, Ozone Day, Geography Day Science Day, etc. College also offers the environmental studies as a compulsory subject for third year of all streams.

2.2.5. How does the institution identify and respond to special educational/learning needs of advanced learners?

The advanced learners are detected by the teachers during their lectures, interactions in class room and previous examinations performance. The institution adapts following strategies for facilitating advanced learners. Felicitation of meritorious students is done at the time of annual social gathering. By encouraging advanced learners to participate in various curricular and co-curricular activities; such programmes as seminars, group discussion, quiz competitions, etc. are arranged. For advanced learners, extra-coaching is provided.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged section of society, physically challenged, slow learners, economically weaker sections etc.)?

The college being situated in remote area of Marathwada region, Maharashtra, we admit students from such rural, remote area which are may be disadvantaged section of society, slow learners, economically weaker sections etc. Counselling is done by teachers, study material is also provided.

For slow learners' additional learning materials, and question papers are provided.

The advanced learners are encouraged to take part in active items such as quizzes, essay writing, debates and other competitions, etc. Internet facilities are made available to students' Potential to achieve success. A friendly environment is created to improve the communication skills of the advanced learners. A number of motivational lectures are organised to channelise their success. The college takes every care to ensure the reservation meant for disadvantaged community every year. As the student for SC, ST and OBC get their tuition fee from the government at a time of admission; the college takes minimum fee excluding tuition fees from these students; so that these students get attracted for admission

2.3 Teaching-learning process:

2.3.1 How does the college plan and organize to teaching, learning and evaluation Schedules? (Academic calendar, teaching plan, evaluation, blue print etc.)

Academic calendar of college is planned every year. Our college follows academic calendar of university. It provides plan for the academic year to students, teachers and parents. Each department functions according to the teaching plan prepared at the department level. The department also carries out internal assessment based on students' test performance and punctuality as per rules of university. The Examination Committee prepares the schedule for internal examination. Based on these provisions, teaching learning and evaluation schedule of the college is planned, organised and informed to the HODs for implementation. Extra periods are taken on general holidays and Sunday to complete syllabi as per academic calendar. Various kinds of audio-visual aids and the equipment are utilised in the classroom like PPT, Posters, Banners, etc. Time table is prepared and displayed on the notice board. Final examinations are taken; and the result is declared by our university. Finally, students are given their results in the form of their mark-sheets provided by the university.

2.3.2 How does IQAC contribute to improve the teaching-learning process?

The IQAC conducts meetings at regular intervals and circulates its plan and perspective to all the stakeholders. The measures taken by IQAC in quality enhancement and to improve the teaching-learning process are as follows:

- To prepare academic calendar.
- To analyze the university examination results at the beginning of the

academic year and to decide the measures required for improvement of the results.

➤ Teaching-learning methods/approaches

- ❖ The college supports the process of teaching learning by providing adequate infrastructural facilities.
- ❖ The college motivates the teachers to prepare computer-aided teaching-learning materials by providing various tools and technologies.
- ❖ Teachers use to engage Multimedia classes for teaching the concepts which involve complex visualizations, by using computer and LCD projector.

➤ Handling new curriculum

- ❖ We have experienced and qualified staff to handle the new curriculum with ease. Whenever there is change in the syllabi initiated by the university, the same is conveyed to the HODs by the principal timely. The HODs call meetings of all the teachers in the department; and discussion is made regarding strategies to how empower the teachers to handle the new syllabi effectively.
- ❖ The syllabus of UGC- career oriented courses is designed by the faculty of the concerned department.

➤ Selection, development and use of enrichment materials

- ❖ The teachers of our institute are given free access to internet. This helps them collect learning material from the internet. College has a well-developed library which contains number of books on various subjects and teachers' e-journals under N-list of INFLIBNET.

➤ Assessment

The following criteria are used for assessment of teachers :

- ❖ Self assessment report by the teachers.
- ❖ Participation in the co-curricular and extension activities by the teacher.
- ❖ Participation in the seminars, conferences, workshops.
- ❖ Attending orientation and refreshers courses in due time.
- ❖ Undertaking research projects and publication of research papers.
- ❖ Performing the assigned duties promptly.
- ❖ Feedback from the students

➤ Cross cutting issues

- ❖ The cross cutting issues like gender, climate change,

environment education, ICT are given much attention.

- ❖ The experts from above mentioned fields are invited to share and deliver their experiences and knowledge.
- ❖ Through NSS, various activities for awareness towards environmental issues are organised.

➤ **Audio Visual Aids/Multimedia**

- ❖ Lectures are delivered using audio visual aids in classroom.
- ❖ Faculty members are provided internet browsing facility for preparation of teaching / learning materials, LCD projector and projector room for delivering lectures.

➤ **OER's (Open Educational Resources)**

- ❖ Teachers are requested to develop and share their notes and teaching materials with other through the hard copies and the same is also shared with the students.
- ❖ Some faculty members have their personal collection of books and they share the books with colleagues as well as teachers of the other institution and students the department also invites various resource person from other colleges.

- ❖ All the staff members always help to provide the notes, softcopy of teaching learning materials; questions bank as and when required.
- ❖ The college has a well developed library which contains 7110 different books and journals and periodicals. Educational CDs are also available for the staff.

c. Percentage of faculty

- ❖ Invited as resource person in workshops/seminars/ conference organised by external professional agencies- **01 out of 32 (3.125%)**
- ❖ Participated in external workshops / seminars / conference recognized by national / international professional bodies- **32 out of 32 (100%)**
- ❖ Presented papers in workshops/seminars /conferences conducted or recognized by professional agencies - **32 out of 32 (100%)**

2.4.4. What policies/systems are in place to recharge teachers? (e.g., providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

- The faculty members are encouraged to pursue their Ph. D. The institution motivates its teacher to attend refresher and orientation programs, conferences, seminars and training programs organised by other institutes, universities and research organizations.
- The institution provides duty leave to faculty for participating and representing papers at regional, state, national and international conferences.
- The college has organised a university level '*One-Day Workshop on New Syllabus of History of BA TY*' on 20 Sept. 2014.
- The faculty members are also encouraged to participate in orientation and refresher courses.

2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance / achievement of the faculty.

Sr. No.	Name of the faculty	Level	Award	Year of Award
1	Dr. B. G. Sonwane	National	Geography Teacher Award	2015
3	Dr N B Suryawanshi	Local	Aadarsh Shikshak Purashkar	2014

2.4.6. Has the institution introduced evaluation of teachers by the students and external peers? If yes, how is the evaluation used for improving the quality of the teaching – learning process?

- Yes. Our institute gets evaluation of the teachers done by students and external peers. Institution takes feedback of the teachers from the students. At the end of every academic year students give feedback of the each faculty members on their teaching skills in a prescribed format. The feedback mainly focuses on the various teaching skills of the faculty members like presentation, healthy interaction and content covered, and learning resources use of teaching aids. If faculty does not meet the benchmark on feedback, they are counselled by the

- principal for improvement in teaching skills.
- Also the teachers have to submit PBAS every year to IQAC.

2.5 Evaluation process and reforms:

2.5.1. How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

- The college tries to care that all the stake-holders, i.e., students and faculty members and even the parents of the students are informed about evaluation process.
- Students are clearly made aware of the eligibility conditions required to appear in the final examination.
- Internal examinations are conducted as per the schedule. Immediately after the examination.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

- College follows evaluation method formed by the university strictly.
- The students are evaluated by group discussions, seminars and some times, by written test. It makes the evaluation more interesting for students. Faculty members try new innovation in their teaching skill to make evaluation more correct and beneficial for the students.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

- The evaluation reforms of the university are followed by the college.
- Any doubt about evaluation is made clear to the students. All record is maintained i.e. answer sheet, award list etc. by the examination department.
- The institution follows improvements in examinations system suggested by SRTMU, Nanded from time to time.

2.5.4 Provide details on the formative and summative evaluation approaches adapted to measure students' achievement. Cite a few examples which have positively impacted the system.

Method of formative and summative evaluation:

- The evaluation reforms of the university are followed by the college. For bringing out some improvement among students, the college adopts formative and summative methods of evaluation.
- **Formative assessment** of the student is also done on following parameters.
 1. Assignment
 2. Group discussion and viva-voce
 3. Presentations
 4. Field visits
 5. Unit test
 6. Class interactions
 7. Social activities through NSS and cultural activities
- **Summative evaluation** is carried out by university. For this the marks of university examination are considered. This evaluation is carried out by the examiners appointed by the university.

2.5.5. Details on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightage assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skill etc.)

- The internal assessment is done as per the guidelines of the university. After preparing the assessment report, it is submitted by the subject teacher to the examination cell of the college.
- The complete transparency is maintained in the internal assessment.
- The behavioral aspects, independent learning and communication skills of the students are considered for evaluation during practical examination.

2.5.6 What are the graduates' attributes specified by the college/affiliating university? How does the college ensure the attainment of these by the students?

- The college is providing education to rural youth of this remote area. The college endeavors that its students should become valuable and good citizens.
- Self confidence, self reliance, ethical values, communication skills, team work skills, problem-solving skills and social responsibilities are some of the graduate attributes specified by the college.
- The academic calendar is strictly followed
- For the attainment of the graduate attributes, all the possible attempts are taken by college.

2.5.7. What are the mechanisms for redressal of grievances with reference to evaluation both at the college and university level?

- The complete transparency is maintained in the evaluation process. The doubts of students about evaluation are cleared by the concerned teachers.
- The student has free access to the subject teacher.

2.6. Student performance and learning outcomes

2.6.1. Does the college have clearly stated learning outcomes? If 'yes', give details on how the students and staff are made aware of these.

- The college aims at producing very confident learners with knowledge, skills, attitudes and values, which enhance their employability and progression opportunities.
- Principal organises general meeting at the beginning of the academic year and informs the staff about the learning outcomes.
- Personality soft skill development, social awareness, environmental awareness, Health awareness, physical fitness, success on competitive exam, moral and cultural awareness, communication skill development, eradication of superstitions, imbibing research attitude and aptitude etc.

2.6.2 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course / programme? Provide an analysis of the students' results/achievements (programme/course wise for last four years) and explain the difference if any and patterns of achievement across the programmes / courses offered.

- The academic performance is monitored by observing the students performance in classroom through discussion, interaction and assignment.
- Monitoring is also done by observing their performance in the internal examination and final examination taking both theoretical and practical (science faculty) aspects into considerations.
- After identifying their areas of interest in co-curricular and extracurricular activities the students' participation /non-participation is recorded.
- The internal examinations are conducted by the college time to time

Result analysis of BA, B Com, B Sc final for last five year.

Year	BA	B Com	B Sc
2010-11	55 %	-	-
2011-12	71.42 %	-	-
2012-13	77.77%	00.00%	16.66%

2014-15	56.25%	79.16%	19.00%

2.6.3. How are the teaching, learning and assessment strategies of the institution structured to facilities the achievement of the intended learning outcomes?

- Innovative teaching methods, transparent assessment, supportive learning activities as seminars, group discussion, advanced coaching and help to achieve the intended learning outcomes.
- An academic calendar is prepared.
- Internal tests are conducted by examination committee.
- Tests, seminars and tutorials are conducted by faculties.
- The college runs seven career oriented courses sanctioned by UGC. These courses help to achieve the learning outcomes.
- Internet facility is provided to the faculty of the college.
- Language and commerce laboratories are made available.
- Guest lectures are conducted.

2.6.4. What are the measures / initiative taken up by the institution to enhance the social and economic relevance (quality jobs, entrepreneurship, innovation and research aptitude) of the courses offered?

- College understands its responsibility in socio-economic parameters.
- Students are guided with respect to future prospect of various options by carrier counselling cell of the college.
- They are encouraged to participate in activities for social and community service.
- They are made aware about social responsibilities through NSS.

2.6.5. How does the institute collect and analyze data on student learning outcomes and use it for planning and overcoming barriers of learning?

- **Collection and analysis of data**

The data on learning outcome includes:

- A) results of internal and university examinations
- B) Feedback from stakeholder. The data is collected and analysed by IQAC.

- **Steps to overcome barriers**

- Providing question bank of different subjects to the students
- Timely redressal of students' grievances.
- By showing answer books to students to make them identify their relative strength and weakness.
- Counselling of student to minimize absentee

2.6.6. How does the institution monitor and ensure the achievement of learning outcomes

The attendance is compulsorily taken in every lecture and practical. The absentee and performance in examination are informed to their parents. Counselling is given to students who are absent for a long time. The students are encouraged for participation in various curricular and co-curricular activities.

2.6.7. Does the institution and individual teachers use assessment/evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

Any other relevant information regarding teaching-learning and evaluation which the college would like to include.

Due to the effective teaching, learning and evaluation methods, the college has got reputation as one of the best college in Shirur Anantpal Taluka, remote area of Marathawada in Maharashtra. Teaching learning practices have enabled us to secure top passing percentage consistently for many years. The teachers have a research oriented attitude gained from the large number of projects undertaken and workshops organised, attended and training courses undergone. The students have benefitted from these techniques. Their participations in seminars and classroom discussions, and debates have also contributed to their better performance

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

3.1. Promotion of Research

3.1.1. Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

The Institution does not have Research Center of the affiliating University or any other agency/organization. However, the faculties of the college have been recognized as Research Supervisors in their respective subjects of Swami Ramanand Teeth Marathwada University, Nanded. The details are summarized as follows:

Sr. No.	Name of Research supervisor	Subject	Recognized Research Centre
1.	Dr. B. G. Sonwane	Geography	P.G. Department of Geography, Mahatma Gandhi Mahavidyalaya, Ahmedpur, Dist. Latur
2.	Dr. N. B. Suryawanshi	History	School of Social Sciences, S.R.T.M. University, Nanded
3.	Dr. M. Y. Somwanshi	Economics	School of Social Sciences, S.R.T.M. University, Nanded
4.	Dr. S. V. Mane	Commerce	P.G. Department of Commerce, Dayanand Commerce College, Latur

3.1.2. Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

Yes, the institute has a Research Committee to guide the students and faculty as follows:

Chairperson : Dr. B. G. Sonwane

Co-ordinator : Dr. N. B. Suryawanshi

Member : Dr. M. Y. Somwanshi

Member : Dr. S. V. Mane

Recommendations of Research Committee are as follows:

The Research Committee consistently has been giving motivation to each faculty of the institute to actively participate in International/National levels academic events. In addition, the committee encourages NET/SET qualified staff to pursue the Ph.D. The institution has a good number of M Phil and Ph.D. holding staff; most of the faculties have registered for Ph.D. in departments of various Universities and research centers in affiliated colleges. The committee also encourages faculty to prepare proposals of research projects to get the financial assistance from different research funding agencies to conduct the research work.

Impacts of Recommendations

The result of recommendations of research committee reveals that **04** Minor Research Projects have been submitted to the UGC; and **16** faculty members have been registered for Ph.D. in their respective subjects.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?

The institute promotes the faculty to involve in research activities. In case of projects sanctioned to any faculty, the full support and free hand is given to the concerned Principal Investigator to conduct the project work in allocated time period. In order to assist the faculty to understand the current trend in research in various disciplines, the college has provided the central library facility with good numbers of reference books, research journals and magazines.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

The institute develops scientific temper among the students through wallpapers to present a paper in the seminar in the classroom of concerned subject as well as the college motivate them to participate in the various competitions like essay writing, debate, group discussion, etc. The students are also encouraged to home assignments on the advanced topics, writing stories, essays, and poems.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual / collaborative research activity, etc.

Research Projects: Sanctioned

3.1.7 Provide details of prioritized research areas and the expertise available with the institution.

The college has good research environment. Out of 32 faculty members 10 are Ph.D. and 07, M Phil awardees whereas, 04 teachers are working as research supervisors in their concerned subjects. The particulars of the Research Supervisors of the institution in specialised area are summarized below:

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

The eminent experts of concerned fields have been invited by various departments to deliver guest lecturers to the students. It includes the implementation of '*One Teacher One Skill*' programme offered by

Sr. No.	Name Research Supervisors	Department	Research Awarded	Specialization/ Area
1.	Dr. B. G. Sonwane	Geography	M. Phil- June 1988 Ph.D.- Feb. 1999	Agricultural Geography

7.	Dr. R. D. Deshmukh	Dean Faculty of Commerce, S.R.T.M.U. Nanded

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

No faculty has demanded Sabbatical Leave yet.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land).

The NSS department is a good platform for researchers to convey their observations and findings on various issues of their concerned subject to the community through various activities. The research work carried in laboratory is transferred to society via different programmes.

The Geography Department shows the demonstrations of various experiments to college students viz land survey methods, map reading etc.

3.2 Resource Mobilization for Research

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

The faculty from Languages, Social Science, and Commerce and Science disciplines carry out interdisciplinary research activities by undertaking research work having bearing on socio-political, legal, ethical, environment and economical issues.

The Department of History of our college has organized 'History Teachers One-Day Workshop on New Syllabus of B. A. Second Year on 20th September, 2014.

The utilization is mentioned below-

Secretarial Assistance	Accommodation	Break Fast, Tea, Lunch etc.	Honarium	Travelling Expenses	Stationary	Any Other
3000	-	12073	-	-	5988	1480

• All values are expressed in Rs.

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the

percentage of the faculty that has availed the facility in the last four years.

The Institute has no provision to provide seed money to the faculty for research work at college level.

3.2.3 What are the financial provisions made available to support student research projects by students?

As stated earlier, the institution runs only UG level programmes and it does not have research centre to provide financial assistance. However, the financial support has been rendered to the students for conducting their project work if required.

3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

Basically, the institute is serving to deliver the degree level courses; and it does not have a special provision for research work. In spite of this, the faculties such as Geography, Environmental Science, Botany and Zoology are engaged in interdisciplinary research work. The compulsory Environmental Studies (Six Months Module Course) aids to maintain the interdisciplinary approach amongst the students and teachers. As a part of faculty's professional development, the Orientation Programmes and Refresher Courses have been attended by faculty which develops the interdisciplinary approach. On need basis, the special lectures of faculties have been organized by concerned department's relevant subjects.

Guest Lecture- The guest lectures have been organized by concerned department in their subject. The experts of concerned subjects have been invited by the department, particularly the guest lectures have been arranged in 'One Teacher One Skill' programme given by affiliating university and *Carrier Oriented Course* of UGC run by the college in '*Business Communication Skill*' and '*Fish Culture*'.

Interdisciplinary Study Tour- Every year, the department of science faculties arranges an Interdisciplinary Study Tour along with Geography Department. It includes the field visits to educational institutes, industries, laboratories, science museums, historical monuments, etc. The information has been collected during the visit; and each student submits a study tour report. It helps students get an exposure to study the field experiences and create a zeal toward research field.

Challenges in organizing interdisciplinary research. The institute faces the following challenges in organizing interdisciplinary research:

01. **Problem of Transportation**- Although the Institute is located at Taluka place, yet this town is in very interior area; the connectivity to nearby city places or highways is not up to the mark. Even the frequency of State Transport buses and private shared vehicles is very rare. It so happens that outstations experts are not interested to come for spending their valuable time.
02. **Lack of Fund**- The college does not have any professional courses to raise the funds. It leads to there is no special provision for research work. Due to financial constraints, the institute does not afford the costly facilities required for advanced research work.

3.2.5 How does the institution ensure optimal use of various equipments and research facilities of the institution by its staff and students?

As a part of the various laboratory courses in each subject of science faculty, the experiments have been carried out by using appropriate equipments. The faculties engaged in research work utilize the same equipments for their research work. In addition, the college has a Central Library facility. It has about **7579 books** including the scientific journals of national and international repute. Every year, the institute purchases a large number of books in response of recommendation of the concerned subject teacher and availability of budget.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

Nil

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.

The details are summarized as follows:

Nature of the Project	Name of Faculty	Duration Year From To	Title of the project	Name of the Funding agency	Total grant (Rs.)		Total grant Received till date
					Sanctioned	Received	

Major	Dr. B. G. Sonwane	Feb. 2011 To Feb. 2014	A Study of Spatio-Temporal Agricultural Transformation and Regional Planning for Marathwada Region	UGC, New Delhi	8,89,000/-	8,89,000/-	8,89,000/-
Minor	Dr. N. B. Suryawanshi	2012-2014	A Study of Water Management in Latur District : A critical study	S.R.T. M.U. Nanded	30,000/-	30,000/-	30,000/-

3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

As stated earlier, the institution is devoted for delivering the U.G. course; and its syllabus is formulated by the affiliating S.R.T.M. University, Nanded. The syllabus does not include the special attention on research. However, the institute always promotes to faculty for pursuing research degrees and carries out their research work in recognized laboratories of the various universities. 3.6 Extension Activities and Institutional Social Responsibility (ISR)

3.6.1 How does the institution promote institution-neighborhood community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?

As the institute is located at Taluka place which is very interior from nearby urban areas, it serves mainly for the rural students, especially for deprived class of community to seek education at graduate level. In compliance to Rules and Regulations of apex bodies, the institute strictly follows the policy of reservation, disbursement of scholarships, financial aids to assist the students belonging to reserved category. The institution has been working with an aim to make higher education easily accessible to rural students especially girls.

The objective of the institution is not only to produce a manpower acquiring a degree but *to develop the ethics and values* amongst the students to become an ideal citizen in their respective fields.

The college organizes NSS camps in nearby villages with execution of various society welfare oriented programmes such as *Gram Swachhata Abhiyan, Environment Conservation Activities, Blood Donation Camp, Plantation Programmes, Watershed Programme, Cattles Health Inspection Camps, Eradication of Bind Superstitions, Addiction Free Society, Open Defecation Prograame Awareness on Health Issues Viz. Malaria Eradication, Swine Flu, AIDS Control, Yogasan and Pranayam, Awareness Through Street Plays, Speech of Eminent Personalities From Various Fields, Drama and Skits, etc.*

3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities, which promote citizenship roles?

The faculties of the institute note an interest and performance of their students in concerned field and promote to develop his skill in his own area. As cited earlier the various programmes conducted by NSS assist the students to create an interest in certain activities. Apart from organization of yearly camps in villages the NSS department organizes an offering a tribute to various dignitaries on the eve of their birth anniversary. The activity of plantation has been organized by Department of Environmental Science and NSS jointly in college campus during monsoon session.

During the occasion of Ganesh Festival the NSS and Sports Department of college facilitate the Police Department by providing volunteers for the smooth functioning of programmes.

3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?

Institution through IQAC seeks timely informal feedback from the students of the college. The issues are taken in the timely meetings of the Local Management Committee which takes appropriate measures.

3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension, outreach programmes, and their impact on the overall development of students.

Besides the routine academic schedule, the college organizes its extension and outreach programme through organization of NSS programmes at village level. The NSS unit works in accordance with guidelines issued and budget allocated by the affiliating university. As a part of NSS camps, various activities conducted and the details of expenditure are summarized as follows:

Session/ Year	Expenditure on NSS (Rs.)		
	Regular	Camp	Total
2014-15	31320	33750	65070
2013-14	40382	33750	74132
2012-13	33750	33750	67500
2011-12	33750	33750	67500
2010-11	33750	33750	67500

The activities conducted during the extension and outreach programme through NSS assisted the students to develop their holistic approach and especially the skill of leadership, communication with society and thoughts of social commitments are developed at larger extent. The involvement of NSS volunteers during the organisation of various activities at college level is a sign of its impact.

3.6.5. How does the institution promote the participation of students and faculty in extension activities including participation in NSS, NCC, YRC and other National/ International agencies?

In accordance with the guidelines of the Student Welfare Department of Affiliated University, the college runs the NSS unit. The NSS department of college circulates a notice to all students at the time of commencing of academic year to enroll the name as volunteer. The programme officer and Co-ordinator of NSS unit have taken efforts to attract the students toward the NSS activities through their counseling.

The NSS unit organizes various activities in adjoining villages during a special camp with the involvement of enrolled volunteers. The representation has been given to each teaching faculty to share their knowledge through special talks concerned to their specialized area during the allocated sessions of camps.

In the year 2013, programme Officers of NSS of our college Dr. D. K. Dhumale and Prof. D. B. Jadhav have participated in the Orientation Programmes on NSS at Ahmednagar (M.S) organized by HRD, New Delhi.

Yes, the college has formally stated quality policy. It is framed according to stated goals, objectives and vision of the institution. It is

implemented as per requirements or expectation to meet the national and the regional problems. In the academic units, teachers are encouraged to participate in seminar, conferences, workshop, short term courses, conclaves and refreshers, orientation courses to update the Knowledge. The state policies are reviewed periodically by the management.

6.2.2 Does the institute have a perspective plan for development? If so, give the aspects considered for inclusion in the plan

The institution has a perspective plan for its infrastructural and academic growth. The institution has purchased five acres of land and has its own building. As far as the infrastructural growth is concerned, we have adequate classrooms, an auditorium and playground but we have yet to develop library building, science laboratories and administrative building. The institution has **813 students**; and the present infrastructure is sufficient for the present strength. We desire to provide qualitative higher education which will provide employment to students. Hence the graduates who are passing from this institution should be enabled with high potential and will be able to face the global competition. In future, the institution desires to begin vocational courses or applied diploma courses introduced by UGC from time to time. It will help students to earn while they are learning. In future we also intend to begin new courses which will be more useful to students. The perspective institutional plan is developed following the procedure of involving the cooperation of teachers, students and members of the Managing Committee. In order to formulate the strategy of development and employment, the committees are constituted for each and every developmental work. Teachers have to participate in all the institutional plans and wherever the situation demands, students and members of Management Committee are involved. The meeting of students is summoned to take their participation by means of selection of some students. In the Cultural Committee and Magazine Committee, students are involved along with the teachers. In the committees related to infrastructural developments, Principal is chairman; and teachers are the members.

6.2.3 Describe the internal organizational structure and decision making processes. Internal Organizational Structure:

The Principal is the administrative Head of the institution. The College has a Teachers' Council with various sub-committees (consisting of convener and members) to coordinate especially the academic matters. Some specific committees like Students Council Election Committee, Anti-Ragging Committee, and Committee against Sexual Harassment and Discipline Committee are the integral part of the Teachers' Council that discuss and take decisions of administrative activities. The Heads of various Departments are

responsible for the day-to-day administration of the Departments and report to the Principal. Senior faculty of the College as drawing and disbursing officer-in-charge assists the Principal. The College also has an elected Students' Council which plays an important role in various institutional activities.

Decision Making Process:

Our parent institution i.e. GVKBSPML governs the one unit: Shivneri Mahavidyalaya Shirur Anantpal. After the selection procedure of a new employee, the president of the governing body issues appointment letters; and joining; and approval procedure is to be completed by the Principal of the college. The policy decisions taken by the executive council are communicated directly to the principal by written letters and its execution is done through the Principal of the college. L.M.C. oversees the functioning of both the academic and administrative aspects of institution. LMC meets twice a year for discussion of various issues. The principal is the head of the academic and administrative departments of the college. The HODs are in-charge of academic and administrative functioning of the departments. The teaching staff takes care of curricular aspects and keeps a watch on the activities related to co-curricular and extracurricular aspects.

Community Engagement:

- Through NSS and sports activities our students and management are engaged in different community activities like Blood Donation Camp, NSS. Camp for the awareness about several social issues, National integrity, literary mission, environmental pollution, biodiversity conservation, and superstition obliteration.

Human Resource Management:

- The management is committed to the academic development of the college.
- The administration is fully decentralized; and total functional freedom is given to the head of respective department.
- Various other committees are formed to monitor the Co-curricular and other activities.
- The faculties are the members of these committees; and they perform their role with the help of non-teaching staff.
- Regular Feedback is taken from the stakeholders; and if needed the suggestion is conveyed to the respective component.

Industry Interaction

The college organizes field tours and educational tours.

6.2.5 How does the Head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?

As being the head of institution Principal calls regular meeting of various assortment. The head of the institution gets the feedback from teachers, students and the public with regards to the teaching quality, curriculum, extra curriculum activities and infrastructural demands in the meeting of the management committee. The information collected from different sources is discussed with the participating members.

6.2.6 How does the management encourage and support involvement of the Staff in improving the effectiveness and efficiency of the institutional processes?

The management is always encouraging and supporting the involvement of the staff in the improvement of the effectiveness and efficiency of the institutional process. The management through the head of the institution involves the staff members in various activities related to the development of the college. The staff members are involved by way of constitution of various committees such as Building committee, Admission committee, Advisory committee, Examination committee etc.

6.2.7 Enumerate the resolutions made by the Management Council in the last year and the status of implementation of such resolutions.

The management passed the following resolution in the meeting of last year

- Resolution is passed for the recruitment for post of assistant professor in Botany, Mathematics, Physics, Chemistry, Environmental Science, Dairy Science, Microbiology and English.
- Resolution is passed to undergo process of NAAC.

6.2.8 Does the affiliating university make a provision for according the status of autonomy to an affiliated institution? If 'yes', what are the efforts made by the institution in obtaining autonomy?

The parent university has a provision of according the status of autonomy, but our college did not go for obtaining autonomy.

6.2.9 How does the Institution ensure that grievances/complaints are promptly attended to and resolved effectively? Is there a mechanism to analyse the nature of grievances for promoting better stakeholder relationship?

The common and individual complaints from the teaching staff are discussed and solved in the Teachers' Council monthly meeting in a healthy manner. Faculty members are also free to express their individual complaints and problems directly to the Principal privately. The complaints from the students individually or through the Students' Union Council are directly brought freely to the notice of the Principal. The complaints/grievances are attended promptly and resolved immediately. A complaint box is kept nearer to the Principal's chamber. The complaints from the other stakeholders are promptly attended by the Principal. In some cases, the Principal takes necessary action alone. In some cases, decisions are taken jointly by the Principal and concerned committee members. The Women Empowerment Cell also is active in matters related to girl students.

6.2.10. During last four years had there been any instances of court cases filed by and against the institute? Provide details on the issues and decisions of the courts on these?

Nil

6.2.11 Does the institution have a mechanism for analyzing student feedback on institutional performance? If 'yes' what was the outcome and response of the institution to such an effort?

The institution has a clearly set and defined mechanism of obtaining the feedback from the students to improve the performance and quality of the institutional provisions. Further it is used to improvise the overall competency of the students. Faculty obtains the information of problems of students from the above policy. Good results are gained by the institution in both academic and administrative work. The measures are taken to solve the problems. Feedback form is being taken from the students where students freely state the problems they are facing. The feedback given by the students is in turn communicated to the entire faculty in written and directs them to improve the matters where they are lacking behind. Institution is getting tips/suggestions to improve in all manners through this feedback method.

6.3 Faculty Empowerment Strategies

6.3.1 What are the efforts made by the institution to enhance the professional development of its teaching and non teaching staff?

The efforts made by the College to enhance the professional development of its staff are:

- The faculty members are encouraged to attend *Staff Development Programmes*, such as orientation programmes, refresher courses, seminars, workshops, conferences, etc. They are also encouraged to organize staff development programmes.
- The teachers are encouraged and motivated to submit research projects to various funding agencies. They are also motivated to join in individual research for M. Phil. /Ph.D. programme.
- The non-teaching staffs are encouraged to attend the staff development programmes such as training programme on functioning and management of library, training on use of free and open source software in libraries etc.

6.3.2 What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibility they perform?

There are relevant rules in the institution regarding the faculty empowerment. These rules pertain to attending seminars, conferences, refresher and orientation courses, and other training programmes. The need for such training is assessed by the Heads of Departments who recommend Members of the faculty for such programmes. The head of the institution suggests the names of senior faculty who need to be trained for administrative positions when promotions are due. The College has sent proposals for organizing seminars, workshops, and conferences. The CAS benefits are being given to each employee who is eligible for it. At the institutional level, the College Management motivates faculty members through prompt appreciation of exceptional merit and talent and by honoring them at the time of annual gathering.

6.3.3. Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.

The achievement of faculty members is monitored and updated in the college records. Performance appraisal system is implemented as per the guidelines from SRTM University Nanded and UGC. The PBAS of faculty is filled by individually on the basis of his/her yearly achievements, discipline, quality etc. The faculty is supposed to submit their self appraisals annually to the Principal. Besides this, the assessment of the teachers is done through feedback forms of students which in turn indicate the teacher's quality and expectations. Students are expected to fill the feedback forms for all the teachers concerned with their classes. The feedback forms has a well defined set of questions that help the students to evaluate the teaching capacity based on lecture understanding and define how far the teacher has succeeded in reaching out to the students. These details are accessible to staff so as to help them judge their performance. The principal understands the student reflections and shares it collectively and individually across the staff. If there are any issues of concern, the faculty member is facilitated to overcome the lacunae without lowering self esteem. Wherever required, counseling is provided to staff in order to help them to improve their professional capabilities. The head of the institution also uses evaluation in an informal way to improve the service of the office staff

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?

The performance appraisal reports duly filled are being assessed by the Principal and management. The Management plays an active role in the performance appraisal of the staff. The management keeps a vigil on the professional behaviour and attitude of the members of the teaching as well as the non-teaching faculty. Annual increments and placement in the grades are all implemented under the signatures of the managing committee and due recognition and increments are given to the teachers who have completed their Ph.D. Likewise; the management ensures expeditious implementation of all the benefits after the appraisal of the faculty. The management takes effective decisions and the decisions taken are incorporated in the proceedings of the meetings of the managing committee and Governing Body.

6.3.5 What are the welfare schemes available for teaching and nonteaching staff? What percentage of staff availed the benefits of such schemes in last four years?

The strategies adopted by Govt. of Maharashtra for faculty welfare include career advancement benefits for those with higher qualifications such as Ph.D. as well as opportunities for those who wish to improve their qualifications. Government and affiliating university has implemented following social welfare schemes:

- **20 medical leaves** are given to every employee in one academic year.
- There is a provision of **maternity leave of six months** and **paternity leave for 10 days** given, if required.
- An insurance policy of **LIC namely GSLI** is given to the staff members whose premium is automatically deducted from their salaries.
- **Provident Fund** is automatically deducted from their salaries.
- The college has employee credit co-operative society audited by grade 'A' which offers loan for various purposes up to **11 Lacks**.
- To avail the facility of Loan from various banks, the institution provides all legal documents. Instead of credit society, we have a scheme like small saving group where the employees collect amount monthly; and it is being given in the form of loan to those who demand it. All faculty members are benefited by above said welfare schemes.

6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

As being a government college, is guided by the State Government Service Rules; and hence all appointments and retirement of faculty members are

governed by the same. However, the management has taken; lot of measures for attracting and retaining eminent faculty:

- Offers UGC pay scale.
- M. Phil and Ph.D. awarded teachers get additional increments as per UGC norms.
- Provides annual increments and promotion grants to the faculty as per UGC norms.
- Provides GPF.

6.4 Financial management and Resource mobilization

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

The financial resources of the college are managed in a very effective and full proof manner. Proper accounts are maintained by college through cashbook, ledger and voucher file. Each and every transaction is supported by the vouchers. All the collections are deposited in the bank. Only duly authorised persons can operate through the bank. All expenditure recurring and nonrecurring are incurred through checks. Audit is done by the authorized chartered accountant. For efficient use of financial resources, the budget is prepared in the month of April for next year. All financial matters are supervised by the concerning committee.

6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the measure audit objections? Provide the details on compliance.

The accounts of the college are subjected to audit by the external authorized chartered accountant per year. We do not have the internal audit mechanism, but the advisory committee supervises and keeps a check on accounts of the college. Suggestions are given to the accountant in this regard. The joint director office including accounts officer of higher education inspects the audited statements and other financial matters. We have completed the assessment up to financial year 2014-15. No major objections were taken in the assessment. Internal audit has been accomplished up to Year 2014-15, whereas external audit i.e. audit by J.D. has been up to 2011.

6.4.3 What are the major sources of institutional receipt/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with institutions, if any.

The major sources of funding for college are as follows:

- Total fees collected from the students.
- Grants received from State Govt. for salary only.
- Various grants received from UGC.
- Donation from management members and other donors, etc.

Whenever there is a need of financial assistance, the college management is demanded and it is fulfilled by the management from time to time.

Deficit Management

The college receives **95%** of the grants-in-aid from the Government of Maharashtra and the rest **5%** of the salary of the staff falling under grants-in-aid is born by the management.

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

The institution devises various ways and means to mobilize the resources it needs for the welfare of the students. Some of the methods used by the college towards achieving these goals are given below:

1. The institution has structured intra university N.S.S. youth leadership camps and zone level sports events. The spending for such events is to be partially borne by the affiliating university and partially by the institution.
2. The college applied to diverse funding agencies like UGC, DST-FIST, DST-INSPIRE, and affiliated University.

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

a. Has the institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?

Yes, IQAC in our college follows university rules and regulation in the implementation of curriculum.

b. How many decisions of the IQAC have been approved by the management/ authorities for implementation and how many of them were actually implemented?

The management of our college supports us and approves each and every decision taken by IQAC so far. All decisions are actually implemented.

c. Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.

The external members of IQAC assist us in maintaining quality of work. They evaluate our work and help us university rules and regulation in the implementation of curriculum. They visit and guide us from time to time.

d. How do students and alumni contribute to the effective functioning of the IQAC?

Students provide us their feedback on time and the alumni students visit and guide for further competitive examinations.

e. How does the IQAC communicate and engage staff from different constituents of the institution?

IQAC is related to University Departments and the departments assist us from time to time.

6.5.2 Does the institution have an integrated frame-work for Quality assurance of the academic and administrative activities? If 'yes', give details on its operationalisation.

At present, the college has a focused integrated framework for quality assurance of the academic and administrative activities. The Teachers'

Council works for all kinds of academic and administrative activities and helps in quality assurance of these activities. The Principal is the president of this Council. All teachers of the College are the members of this Council. The Council consists of different committees and subcommittees for specific academic and administrative

6.5.3 Does the institution provide the training to its staff for effective implementation of the quality Assurance producers? If 'Yes' give details enumerating its impact.

No.

6.5.4 Does the institution undertake academic audit or other external review of the academic provision ? If 'yes' how are the outcomes used to improve the institutional activities?

The institution is affiliated with Swami Ramanand Teerth Marathwada University, Nanded. The University has not its self mechanism to audit the academic working of college.

Audit committee is selected by the University which visits the college and assesses the academic performance of the college. It communicates the shortcomings which are to be rectified, corrected by the college till the next visit of the committee. The instructions, rules and regulations strictly followed through processes like admission, examination, etc

Notification/ letters are circulated to institution if any change added in the institutional academic process. Similarly if the institution introduces new course/ faculty, University constitutes the affiliation committee to inspect the details. These committees visit the institution, inspects all required aspect about the running of new course/faculty. The college honestly follows the recommendations suggested by these committees.

6.5.5 How is the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

In the case of institution, the peripheral regulatory authority is SRTM University, Nanded. We make the compliances as per their needs and requirements.

6.5.6 What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?

In the beginning of every academic year, the academic calendar is being prepared. The teaching learning process and other co curricular

programmes are being organized as per plan. The IQAC with assistance to other departments monitors the teaching learning process. The process is being reviewed in monthly meetings. The problems, the faculty are confronting are being sorted out in the meetings. The institute's approach to the learning outcome assessment is defined clearly. Faculty is empowered to determine the intended educational outcomes of their academic programmes and activities. The discussion also takes place on the university level examination results. If necessary, the faculty is being advised to improve themselves in the desired area. Faculty use the information collected to develop and improve academic programmes. The institution has a clearly defined, set mechanism to monitor the learning outcomes. Attendance is compulsorily taken by the faculty member; and laboratory hours are fixed. Assignments are corrected within a short duration; and the marks are entered in register, which acts as a ready beckoner for academic progress of the students.

Based on the participation in the class tests, seminar and the marks scored in the assignments, the student level is judged by staff member and appropriate action is taken. Use of L.C.D., D.V.D., projector, Video recorder enhance the teaching learning process; and IQAC suggests changes if needed. At the end of each unit test, progress reports which consist of unit test results and attendance status are submitted to the office for further action. Counselling is given to slow learners. Parents of such students are called to meet their respective faculty member, if required. As the entire lab courses are continuously assessed, students who lack in these courses are given additional help and guidance. They are also given additional lab practice. The faculty members are encouraged to conduct unit test, quizzes etc. to monitor the academic progress of each student.

6.5.7 How does the institution communicate its quality assurance policies mechanism and outcome to the various internal and external stakeholders?

The institution has evolved stakeholder's web by forming different platforms like college advisory committee, alumni association, Parent teacher meet and various committees with a fair representation of students. The IQAC in the planning process considers feedback collected from all the stakeholders to prepare perspectives on development. These developmental perspectives are discussed in the respective meeting of advisory committee, Parent Teacher meetings and alumni. The reflections of the meetings are incorporated in the plan. The management has developed evaluation tools for stakeholders to record their opinion, suggestions and objection for constructive developments of future.

CRITERION VII: INNOVATIONS AND BEST PRACTICES

7.1 Environment Consciousness

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

Yes, our college conducts a green audit of its campus and facilities by taking a stock of trees planted. Every year in the month of June College organises Tree Plantation Programme. Botanical garden is well developed which consists of different types of plants like medicinal plants, flowering plants, fruit developing plants etc. Different types of aquatic plants and aquatic animals are developed in the pond for the study purpose. Inside corridor different varieties of plants are planted in the pots. Biodiversity of plants is observed in our college campus. Scientific and common names of plants are displayed in the campus. Regular care of the plants is taken due to which the campus has become healthy and greenery.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

Following are the major environmental initiatives undertaken by the college to make the campus eco-friendly:

- **Energy Conservation**

Energy saving techniques is implemented in the college campus. In Chemistry, Microbiology, Environmental science and Dairy science laboratories the electric instruments and other accessories are installed by the technician to conserve energy and to maintain safety. Rooms are constructed with sufficient cross ventilation and light so that the use of electricity can be minimized. Lights, fans, computers, printer and electrical instruments are carefully switched off after completion of the work. Our college has installed CFL'S by which lot of energy is conserved. Refrigerators with power saver remark are used in the college for conservation of energy.

- **Use of Renewable Energy**

The college is planning to install solar panel in future.

- **Water Harvesting**

Water harvesting system is installed in our college. Roof water in rainy season is collected and used as distilled water in chemistry and microbiology laboratories throughout the year. Roof water of buildings is collected and used to ground water recharge. Our main

resource of water is bore-well. The microbiological and chemical analysis of drinking water and waste water in the campus is being done regularly.

- **Check Dam Construction**

Nil

- **Efforts for Carbon neutrality**

The green plants in the campus help to neutralize carbon by products that are generated.

Leaves of trees are converted into Vermi-compost instead of burning it.

- **Plantation**

The college organises tree plantation programme in the month of June every year. Various types of plants like flowering plant, non flowering plant, fruit developing plants etc are planted and maintained. Botanical garden is developed in the campus. Garden committee is established in college which take care of all plants in the campus and try to make the campus green and healthy throughout the year.

- **Hazardous waste management**

Hazardous chemicals are not used in the laboratory of our college. In microbiology laboratory media plates are sterilized before washing so that there is no chance for transfer of harmful microorganisms from the laboratory to society. Acids are stored in the amber glass bottles and are kept in sand. Regular checking of the stoppers of all chemical bottles is done regularly. Acids are drained with plenty of water so that they get well diluted and can't cause harm to the community. The wastage is disposed after the proper treatment so as to make it non hazardous. Exhaust fans are fitted in all science laboratories of our college to expel different gases.

- **E-Waste management**

Non-working parts of computers such as monitors, printers; CPU, battery etc are removed and sorted. If some parts are in good condition then they are reused again. The damaged parts are disposed out carefully by proper treatment in the campus.

7.2 Innovations

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

Following different innovations are introduced in our colleges which have created positive impact on the functioning of the college.

- **Academic innovation**

Spoken English classes are conducted by English department to improve student's personality. Career and Counselling Cell is established in our college which provides the proper guidance about the employment opportunities.

- **ICT based teaching is adopted**

Our college provides the LCD projector, broadband internet facility and computers for enhancing the teaching learning process. Power point presentation, animation, charts, models etc are used in teaching process. All the Departments are connected with broad band internet connectivity. Regularity and progress of students is maintained. Teachers are always encouraged to improve teaching skills by the principal of this college.

- Our college is conducting 'Sanskar Gandhi Vichar Pariksha' every year which is organized by Gandhi Research Foundation, Jalgaon.
- The various departments introduced the 'Wallpapers' which gives knowledge of current issues related with subjects. It helps the students to give more information and increases interest of them in that subject.
- Question banks of all subjects are prepared and Institutional ready material given to the students before university examinations which help to increase confidence as well as to improve success rate in the examinations.
- Blood group and haemoglobin checking programme is organized in the college.
- Hardness of water is estimated by the chemistry department.
- Portability of water of different sources like bore well, open well, tap water is determined regularly by microbiology department.

- Soil testing is done free of cost for farmers with the help of students of chemistry and microbiology.
- National science day is celebrated every year. Poster presentation programme for B.Sc. students is organised in that day. Prize is given for first, second and third winners.
- Guest lecturers of renowned persons are organised by experienced people from reputed institutions.
- The gym in the college campus helps the staff and student to maintain their physical fitness.

7.3. Best Practices

(Elaborate on any two best practices as per the annexed format.)

7.3.1 Motivation of Teachers and Students to Research

1. Goal

The main objective of the practice is to motivate teachers and students to research work.

2. The context

Teachers are motivated to submit major and minor research project towards UGC, university and other funding agencies. Teachers are motivated by this practice to register for Ph.D. degree. Students are motivated to research projects by the faculty members of this college. Teachers are encouraged by the principal to present and publish research papers in national, international seminars, conferences and journals respectively.

3. The practice

Our college has research committee which guide to prepare Minor and Major research project proposals as per UGC guidelines. Meeting of this committee is held regularly and report of it is communicated to the principal of this college in order to fulfil requirements. Under this practice, three faculty members of our college sanctioned Minor and Major Research Projects. Teachers are motivated to register for Ph D. One copy of thesis of Ph.D. awarded teachers is kept in the library by which the new researcher can get idea and direction about research.

4. Evidence of success

The two staff members of this college submitted their Minor/Major Research Projects to UGC and University. One Minor research project is going on. Students have submitted their projects to department of chemistry, environmental science, dairy science, botany, zoology, microbiology and geography departments of this college. Nine faculty members have completed their Ph.D. Some faculty members have registered for Ph.D. Faculty members of this college are actively participating and presenting the research papers in national, international seminars, conferences and also publishing the papers in reputed journals.

5. Problems encountered and Resources Required

Our college is situated in rural area. Majority students of this college are of poor family so they have economic problem to do research. The frequency of buses is very less. Limited research material such as books, journals, periodicals are available in our library. Sufficient research facilities are unavailable in the college.

7.3.2. Improvement of Teaching Process

1. Goal

The main objective of this practice is to improve teaching process.

2. The Context

In our college maximum importance is given to teaching process. The college trains the teachers continuously to improve their teaching skills. The college always motivates faculty members to attend Orientation, Refresher, short term and other relevant courses to enhance the teaching learning process and also upgrade their knowledge. Our college provided the LCD projector, broadband internet facility and computer for enhancing the teaching learning process. Feedback of students is taken randomly for all subject teachers of B.Com, B.A. and B.Sc.

3. The Practice

Power point presentation, animation, charts, models etc are used in teaching process. Regularity and progress of students is maintained. Assignments, class tests, group discussions etc are organised for continuous evaluation of teaching process. A different co-curricular activity like poster presentation is organized by our college for the student by which student get an opportunity

to present their knowledge. Feedback of students for all subject teachers of B.Com, B.A. and B. Sc is taken randomly and regularly. Feedback of student is taken after completion of the syllabus of each semester. The feedback is discussed with concerned teacher and the Principal in a confidential manner. Weak points are analysed and corrective actions are taken. Suggestion boxes are placed in the college premises for student's feedback and suggestions. The teaching process has given maximum importance in our college. Students can ask questions during the lecture freely. There is discussion after the end of topic in the class. Annual teaching plan is given in advance to the students. The teacher tells a story or asks questions to the students before starting the new topic so that teaching process become interesting.

4. Evidence of success

The strength of student is increasing every year. Students who have passed out from the college have done extremely well in the corporate world. Some students are starting their own businesses. The evidence of success is visible.

5. Problems encountered and Resources Required

The main problem encountered is the resources of finance which are required continuously to upgrade teaching technology. The time of learner is also very short. Due to less time the teacher unable to implement their own ideas during teaching in the class.

7.3.2. Vermicomposting

1. Goal

The main objective of this practice is to collect the biodegradable waste material like dried plant leaves, grass, weeds etc from the college campus and to recycle it by producing vermicompost.

2. The Context

Recycling of biodegradable organic waste in the college campus.

3. The Practice

Vermicomposting is done by different methods. Bed method and pit methods are commonly used for production of vermicompost. Dried plant leaves, grasses, weeds are collected from the college campus and mixed with cow dung and kept for partial decomposition for 15 days. Bed of partial decomposed material of size 6x2x2 feet is made. No of bed can be increased as per requirement. Red earthworm (1500-2000) should be released on the upper layer of bed. Bed should be kept moist by sprinkling

of water by covering with gunny bags/polythene bag. Compost get ready in 45-50 days. Cement pit of 5x5x5 feet are used for production of vermicompost in pit method.

4. Evidence of success

The problem of solid waste management is solved. The waste of plant material is recycled in the college campus instead of burning. The growth of plants in the college premises is increased due to application of vermicompost which is rich in nutrients, growth promoting substances and beneficial soil microflora. The plants look healthy as vermicopost contains bacteria and fungi which kill other plant pathogenic microbes. College get extra benefit by selling vermicompost to the farmers.

5. Problems encountered and Resources Required

The main problem encountered is the worm farm smells which is very bad. The worms keep escaping from the bed and pit. The resource required continuously is the animal waste.

7.3.2 Organization of Gram Swachta Abhiyan

1. Goal

The main objective of this practice is to bring about an improvement in the general quality of life in the rural area, to create cleanness in house, village and environment with the help of people participation and to eliminate open defecation to minimize risk of contamination of drinking water sources and food.

2. The Context

Self involvement of people to keep the surrounding area clean and healthy.

3. The Practice

Every year especially in the second term, college select one village and organises NSS camp. Different programmes along with 'Gram Swachta Abhiyan' are run during the camp. Students of our college and villagers together take active part in the different activities of 'Gram Swachta Abhiyan' like cleanness of road, public places, Anagnwadi and drainages. Students and staff members of our college meet personally with villagers in their house and motivate them towards personnel hygiene (cutting of nails, hairs and washing of

hands), environmental hygiene and regular use of toilets. Students of our college have constructed septic tanks in the villages. Different guest lecturers of eminent personality and poster presentation about diseases like malaria, swine flu, AIDS and the environmental pollution are organised during the programme.

4. Evidence of success

The villages become clean. There is change in attitude of people. People involve actively in 'Gram Swachata Abhiyan' and try to keep the village clean and healthy. They use toilet regularly. The diseases like dysentery, typhoid, cholera and malaria are prevented and controlled. One village named Kalamgaon has been got 'Adarsh Gram Puraskar' by the Maharashtra government.

5. Problems encountered and Resources Required

The main problem encountered is no 100% involvement of people in 'Gram Swachata Abhiyan'.

35. SWOC analysis of the department and Future plan

1. Strengths

- Fully qualified teaching staff
- Excellent result in university examinations.
- Use of PPTs and Language Laboratory for the development of students

2. Weaknesses

- English is studied only as a Compulsory Subject at BA B COM and B SC (FY and SY) level, so certain limitations have to face.
- Poor communicative competence of the students
- Students come from rural areas and so are afraid of English.
- Students show lack of confidence in speaking in English to their teachers.

3. Opportunities

- To boost students' confidence level by developing communicative competence and that performance in English.
- To show the rural students the significance of the English language for their careers.
- To prepare the students for their career and future.
- To counsel the students who have potential to do additional studies in English for better career prospects.

4. Future plans

- To organize National Conference.
- To arrange 'guest lectures' related to Communication Skills.
- To promote students to participate in communication skill programmes.

Strength:

- The faculty member of the department is actively engaged in the research, has presented research papers in different national/state level seminars and conferences.
- Out of permanent faculties, one has completed; and other has been registered for Ph.D.
- Demand ratio of students for Economics is very high.
- Freedom is provided to teachers by the principal and management for the development in subject.

Weakness:

- The Department has not applied for any Minor Research Project so far.
- Financial Weakness of student
- Student admitting into B. A. do not opt for Economics.

Opportunities:

- Increasing the interest of students in Research through projects
- Dept. may start job oriented courses according to industrial need in this area or state.
- To motivate student toward completion of UG to PG.
- Good opportunities in the private sector.
- To motivate student for self employment through entrepreneurship.

Challenges:

- Increasing awareness amongst the students about computer education

to solve the Economics problems.

- To get research projects funded by the UGC.

Future plans:

- To visit sugar factory in the local area.
- To develop departmental library.
- To establish economics association.
- To start the PG course in economics.
- Organize guest lectures and seminar.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities

Dr. Raibole U. K. working as;

- Member of Parent Committee in College.
- Participation in delivering speech in NSS

35. SWOC analysis of the department and Future plans:

Strength:

- Well qualified and experienced faculty member.
- Well equipped laboratory.

Opportunities:

- To guide the students to appear for competitive examination.
- To promote the students for PG and research.
- To promote to seek service in various sectors.
- To encourage the students to extend their education in various allied fields such as biotechnology, biochemistry, plant pathology, new emerging field.

Weaknesses.

- Inadequate infrastructure.
- Lack of separate ICT facilities.
- Average student from rural area
- Laboratories space is insufficient as strength of the student is increasing year by year.

Challenges

- To decrease dropout rate of the student.
- To develop laboratory by considering the increasing number of students.

Future plans of the department

- To develop the Departmental library.
- To propose and execute the research projects of various funding agencies. viz DST, DBT etc.
- To organize a national and international conferences in Botany.
- To establish a Botanical garden.

- A competition on Mahatma Gandhi thought organized on the Date 02 Oct 2015 in the seminar hall nearly about 140 students participated in the competition, Conducted by Gandhi Research Foundation Jalgaon.
- The special lectures are arranged by the Faculty members for remedial class, and for the advance learning.
- The seminar is arranged for the students in the college under the guidance of Mr. A. S. Bondge, Mr. S. Y. Mane.(As a part of B Sc T Y Syllabus)

33. Teaching methods adopted to improve student learning

The department follows interactive sessions, group discussion etc. All staff members use computer skill to manage power point presentation in teaching/learning. Apart from the normal lecture deliver method, students are asked to prepare for a lecture on a specified topic and

asked to deliver the same in a couple of day.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities.

- Mr. A. S. Bondge is a member of IQAC and Digital India.

35. SWOC analysis of the department and Future plans

Strength:

- The faculty member of the department is actively engaged in the research, presented research papers in different national/state level seminars & conferences
- All permanent faculties registered for Ph.D.
- Demand ratio of students for chemistry is very high.
- Laboratory is well equipped with all types of major equipments
- Freedom to teachers by the principal and management for the development in subject.
- Our quota, along with 10% additional quota fulfilled per year for UG

Weakness:

- Students less inclination to adopt new methods of learning.
- Financial Weakness of student.

Opportunities:

- Increasing the interest of students in Research through projects
- Dept. may start job oriented courses according to industrial need in this area or state.
- To develop advanced research centre.
- To motivate student toward completion of UG to PG.
- Good opportunities in the private sector.

Challenges:

- To increase awareness amongst the students about computer education to solve the mathematics problems.

Future plans:

- To start the PG course in organic chemistry.
- To start the Research centre in Chemistry department.
- To take the various projects in Chemistry for the students and teachers.
- To publish the research papers in international journals.

- To take the National conference in chemistry.
- Improvement in laboratory safety.
- Organize National /International Seminars/workshops.
- Develop a strong network & MOU with other institutions.
- Undertaking minor/major research projects.
- Organize guest lectures and seminars.

35. SWOC analysis of the department and Future plans

Strengths

- Fully qualified teaching staff
- Use of PPTs for the development of students
- Noteworthy daily attendance of the students
- Excellent result in university exams.

Weaknesses

- Dairy Science is the subject which is studied as an Optional Subject at B SC (FY, SY and TY) level, so certain limitations have to encounter.
- Poor communicative competence of the students
- Students come from rural areas and so are afraid of English and Scientific language

Opportunities:

- To boost students' confidence level establishing Dairy business
- To show the rural students the significance of the Dairy Science for their careers.
- To prepare the students for their career and future.

- To counsel the students who have potential to do additional studies in Dairy Science for better career prospects.

Future plans

- To organize National Conference.
- To arrange guest lecturers related to Dairy Science.
- To promote students to participate in Dairy Science programmes and competitions.
- Department needs equipments needful for practical knowledge to students.
- To start PG in Dairy Science

35. SWOC analysis of the department and Future plans:

Strength:

- The department has qualified teaching faculty.
- Teaching faculty not only qualified but it is from urban background

and can acknowledge the importance, scope of the subject and motivate the students from urban area to acquire higher education for their better improvement of life.

Weaknesses:

- Our institute situated at rural and undeveloped area.
- The parents view towards education is partial.
- They think that there is no use of education to get the employment opportunities.
- Due to lack of educational environment, the department faces problems like finance, lack of reference book etc.

3. Opportunities:

- Students can opportunities for a variety of higher studies. They may appear for different competitive examinations like JAM, JEST and TIFR etc.
- Being a small department individual attention is being given to each and every student.
- Since Physics subject introduced in college in the academic session 2010-11, the good performance of the students in the final year might draw attention of the bright students for taking Physics subject in future.

Challenges:

- Students are coming from urban area belongs to underprivileged community with respect to financial and knowledgeable part.
- To make the Physics subject is more popular in the society by using its knowledge.

Future plans:

- To organize conferences/workshops/ seminars/ at National /International Level.
- To improve Classrooms and laboratory.
- To offer e-resources to the students.
- To establish a Gas sensor and Devices laboratory.
- To establish the electronics laboratory.
- To undertake MOU from Research Institute and Scientific Associations.
